<b>KE-1590-1D1S</b>	1500	750	900/1500
<b>KE-1890-1D1S</b>	1800	750	900/1500

**FEATURES**

- **300 kg** Load capacity
- **Fully welded joints**, industrial grade construction
- **Corrosion resistance\*** certified
- **Heavy-duty** adjustable nylon/stainless steel stabilisers
- **100 microns** powder coating finish
- **Full-extension** telescopic drawer slides
- **Stainless steel soft-closing** door hinges
- Best industry **warranty (3 years)**

**SPECIFICATIONS**

- **Certified quality** (ISO2178, ISO2813, ISO2409, ASTM B117, ASTM D3363)
- **SHS 50x50x1.6mm steel base frame**
- **RHS 50x25x1.6mm steel crossbars**
- **Oven baked epoxy powder** coated steel components
- **25mmThk** work surface\*\*
- **ABS edge-band protection** for MFC work surface

**FINISH OPTIONS**

Powder coated steel components or stainless steel finish. Custom colour matching available upon request.

**WORK SURFACE MATERIAL OPTIONS**

- Melamine faced chipboard (MFC):

- Other materials:

\*Except wood-based worktops.

\*\*Except ESD board (28mm).
